Lost and Found Policy

Lost and Found Items

Items turned in to the Market's Information Booth will be held for 72 hours following the conclusion of the market weekend. After 72 hours, unclaimed items will be disposed of.

Financial Cards

Lost debit, credit, and other financial cards will be handled in accordance with the issuing financial institution's policies and instructions.

Instructions provided by the card issuer take precedence over the Market's standard 72-hour holding period.

If the issuer directs Market staff to destroy a card immediately, the card will be securely destroyed.

If no alternative instructions are provided, unclaimed financial cards will be securely destroyed after 72 hours.
